Profile

Program and project manager with 10 years of experience delivering programs for mission-driven, grant-funded organizations. I run programs end to end, covering workplans, milestones, budgets, risks, partner relationships and funder reporting. At Meedan, I led a partner network across 15+ countries in Latin America and the Caribbean, ran a grassroots micro-grant call and reported to philanthropic and government funders, including Sida. Now bringing this experience to climate and environmental work, from climate tech and nature-based solutions to climate justice and sustainability programs.
